FOREWORD

This publication includes a part of the processed data collected by Gross fixed capital formation in 2012 - Annual report, filled by the legal entities registered in Bosnia and Herzegovina.

In preparation and conducting of survey, processing and publishing of collected data participated: Agency for Statistics of Bosnia and Herzegovina, Institute for Statistics of Federation of Bosnia and Herzegovina, Institute for Statistics of Republika Srpska and Brcko Branch Office.

The survey has been conducted in the whole territory of Bosnia and Herzegovina by using identical form which was a result of joint work of all statistical institutions.

Included are data on payments for gross fixed capital formation for main sources of financing, realized gross fixed capital formation and realized gross fixed capital formation in new fixed assets, presented by kind of construction and technical composition, by activity and place of investors, by purpose and place of investment.

Due to the fact that data from the Institute for Statistics of Republika Srpska have not been delivered in accordance with the adopted Methodological directions, data processing and publishing has been based on anonymous micro data delivered by the Institute for Statistics of Republika Srpska and complete database delivered by the Institute for Statistics of Federation of Bosnia and Herzegovina and Brcko Branch Office.

Notes on methodology

Sources and methods of data collecting

Data on payments and realized gross fixed capital formation in legal entities are the result of the annual data collection by statistical institutions of Bosnia and Herzegovina. They are collected by a separate Annual report on gross fixed capital formation in fixed assets (INV-01 Form), by all legal entities registered in Bosnia and Herzegovina, if they are direct investors and, or acquired fixed assets record in balance sheet.

Under concept legal entities are meant:

- a) non-financial enterprises,
- b) financial enterprises,
- c) budget beneficiaries,
- d) non-profit organisations.

INV-01 Form is adapted to the international statistical standards and methodologies, that is, to the European System of Account ESA 1995, and System of National Accounts SNA 1993.

Coverage and comparability

The main aim of Annual report on gross fixed capital formation in fixed assets (INV-01 Form) is collecting data in order to enable, within the system of national accounts, calculation of the gross domestic product by a consumption method, establishment of the share of gross fixed capital formation in the GDP, calculation of capital account, etc.

Considering that gross fixed capital formation, according to the European system of accounts, includes gross fixed capital formation in fixed assets, changes in inventories and net acquisitions of valuables, we notice that with this survey only data on gross fixed capital formation in fixed assets have been collected.

Gross investment abroad, except on territory that is used under contract (embassies, military base etc), and investment in local kind of activity unit abroad are not included either

The survey has been conducted on the full scope of legal entities. Distribution of forms and collecting data have been done by Institute for Statistics of Federation of Bosnia and Herzegovina, Institute for Statistics of Republika Srpska and Branch office Brcko, in line with registers of legal entities those are led in their offices.

The classification of data collected through this survey has been done using two principles:

- by the main activity and location of investors – so called organisational principle,
- by the purpose of investment – so called kind of activity and territory principle.

Data classified in line with organisational principle show which legal entities (from which activities) are investors. Data classified in line with kind of activity and territory principle show in which activity and territory investment has been done.

Data processing has been done according to the European Statistical classification of economic activities NACE Rev. 2 on the division level.

Data are published on the section level.

Data processing has been done at the entities level, Brcko District level and country as a whole.

All data are given in current prices.

Definitions

Gross fixed capital formation in fixed assets include purchase of enterprises and other organisations (legal entities) aimed at getting new fixed assets, increasing the value or replacing already existing fixed assets (residential buildings, other buildings and constructions, permanent equipment and installations, afforestation and planting of long-standing plantations, mining and mineral research, software, etc.).
